Death Doula Directory

Families are looking for you.

Most families find a doula in the last days, or never. Death Doula Directory puts your practice in front of them when they search.

FOR END-OF-LIFE DOULAS

A free profile families can actually find.

Get your own page in your state and city, written for search, with your prices, training and services. Turn on “Available for vigils now” and we'll send you families near you who need someone in days, not weeks.

How it works

1. **Create your free profile**
   Add your photo, availability, prices and services.
2. **Get your verified badges**
   Upload your training certificate, insurance and background check.
3. **Answer families**
   Get notified when a family writes, then reply with a price.
4. **Get paid**
   Families pay your price with no added fee, sent to your bank by Stripe.

Pro, $39 a month

- Read and reply to families who write to you, and send them a price they can pay by card.
- A Pro badge, and you're listed first in your city, your state and virtual results.
- Cancel any time. Your profile and request alerts stay free.
- **Ready for insurance.** When insurers start covering doula care, the credentials and visit records you keep here are what you'll need to bill.
