WHAT A DEATH DOULA DOES

## Someone beside you, from planning to after.

A doula helps your family plan the final days, stays at the bedside, helps your loved one leave something behind, and stays with you after. They work alongside hospice, not instead of it.

## How it works

1. **Search near you or online**
   Search by state and city, and compare prices, services and verified badges.
2. **Message a doula directly**
   No account and no fee. They reply to you directly.
3. **Need someone now?**
   Send an urgent request, and our team reaches you by phone or email.

## More than doulas

- Celebrants and living funerals, home funeral guides, legacy projects and vigil music.
- Green burial, burial at sea, grief support and pet end of life.
- **Find your options**: answer a few private questions and see everything that may help in one place, from help at home to insurance and memorial services.

### In a medical emergency

Call 911 or your hospice nurse line.
